Subject: Solar

You have added property taxes to solar and now your recent decision will raise the cost of electricity of those caring people who installed it. Your actions are what I would expect from APS because it hurts the average citizen, who were are ELECTED to protect. You are clearly not a Christian which means to be Christ-like. I cannot imagine Christ agreeing with any of your decisions on Solar and I hope you have your answer ready. You might start to think about that because I honestly don't see how you can justify your actions, except for Greed.
