Nature Of Opinion

Docket Number: E-01345A-16-0036 Docket Position: Against

Neither my husband's Social Security check or his VA Disability Pension has increased by 5.74% in years. Also, any small contracting jobs he does are still being billed and reimbursed at 2010 rates. So, I do not support that much of an increase in our electric rates. Besides, APS has encouraged us consumers to be more energy efficient each year and the overall demand has dropped so why should we be asked now to pay more for our electricity?
