Arizona Corporation Commission

Dear members of the Arizona Corporation Commission,

Docket Number: E-01345A-16-0036 + E-01345A-16-0123

I am writing to urge you to say no to the proposed APS rate hike.

I work hard to keep my APS bill as low as possible. In the past, I chose a special rate plan but I now work from home. I live in an all electric duplex and keep my thermostat at 63 degrees in the winter. Many times, I'm wearing a jacket inside, just to help reduce my bill.

If APS increases its monthly fixed fee, consumers like me who work hard to conserve energy and be more energy efficient won't be able to do anything to reduce that fee. That isn't fair. Please oppose any increase to the basic service charge.

Please also vote no on mandatory residential demand charges. I appreciate that the Commission did not approve these charges in its recent decisions on the UNS Electric and TEP rate cases. Please continue that trend. Charging consumers for the maximum amount of demand used in only one hour of the month is likely to increase what consumers pay each month and decrease incentives to reduce energy use.

Please say no to unfair utility charges.

Sincerely,

MS. Janet Kingsley
