Docket No. E-01345A-16-0123

To: Commission^{ers} and Others This May Concern

I need to retain my analog meter and pay no more than \$5.00 per month to do so.

I am neurologically reactive to wireless wavelengths, electronics, and the "dirty electricity" introduced to household wiring by digital meters.

I live in special housing for people who are sensitive to the man-made environment. Every household has already opted out of the so-called Smart Meter. However, for people with our disabilities digital can also be harmful.

Sincerely,
Melinda H Wilson
