Re: Docket Number: E-01345A-16-0036 + E-01345A-16-0123

Dear members of the Arizona Corporation Commission,

Recently the APS rate case that is before you has come to my attention. I ask that you deny APS the ability to increase its rates and also deny APS the ability to increase the basic service charge.

I should not have to choose between keeping my lights on and keeping my doors open. Many small business such as mine do not operate at great profits. Increasing the basic service charge is an expense that I will have to take from my operation budget, which means I have to work more to earn the same amount.

Having an increase in the basic service charge also reduces my ability to reduce my expenses by incorporating more energy efficiency measures into my business as doing so often takes an initial investment that would instead be going to pay the increase in the monthly basic service charge.

Please side with the small businesses and don't let APS increase our costs.

Arizona Corporation Commission

DOCKETED

Thank you for your support,
