RE: Docket Numbers: E-01345A-16-0036 & E-01345A-16-0123

Dear Arizona Corporation Commission,

I am writing to you on behalf of the Arizona Students' Association. We represent students' interest in a variety of matters. The proposed APS rate increase has become a particular concern of ours since we represent students who are living on their own. These individuals are often responsible for paying their own utilities and we are worried that an unreasonable rate increase and an increase in the monthly service charge would cause them added pressure and difficulty paying their bills.

APS has not made a strong case for why they are asking to increase residential rates or the monthly service charge. This concerns us because it is very likely that this rate increase does not reflect true individual consumer related costs. Because of this, we ask you to please Vote No and cast your vote in favor of APS constituents.

Regards,

Shayna Stevens
