Nature Of Opinion

Docket Number: E-01345A-18-0002

Docket Position: For

Mr. Chernov states that APS should not have been given a rate increase. They should be lowering rates. The cost of electric has reduced over the years, not increased. APS no longer has to send out meter readers. The fuel prices are lower, there is a delivery charge, but no one comes to the door to drop off electric. The City and County trucks are always out there working on the lines, not APS. So why are they being approved for higher rates?
