**Company:** Arizona Public Service Company      **Division:** Electric

**Nature Of Opinion**

**Docket Number:** E-01345A-18-0002

**Docket Position:** For

The APS Electric Utility Company has made application to raise our rates by approximately 16%. This is exorbitant for retired seniors living on a fixed income that does not increase with the cost of living. In addition, they are changing their plans to reduce the amount of peak time forcing individuals to operate their appliances during peak hours. I just went solar and reducing the number of peak hours is reducing the amount of money APS pays subscribers for producing excess KWHs. So the APS makes money in two areas. Raising rates and reducing the amount of APS pays for buying back unused KWHs.

Requesting re-hearing.
