Nature Of Opinion

Docket Number: WS-01025A-17-0361 Docket Position: Against

I am against the unusually high percentage (507.7%) increase that Ajo Improvement Company is asking for. Ajo is a very economically depressed town and my income is meager. I undertand that there will be an increse but this request is asking much too much. I also request that the hearing be held in Ajo. Sincerely, Marie Reilly

First because this case only affect Ajo, the hearings need to moved here in town of Ajo Second: We protest the hikes. Tripling the rates will devastate some of our town residents. It will also negatively affect the communities business, schools, Churches and even the Sheriff's department.

Nature Of Opinion

Docket Number: WS-01025A-17-0363 **Docket Position:** Against

Charging more than triple our current cost will be a substantial hardship on individuals, families, and businesses in our community. Our wages here are generally lower than more populated areas and many of us are on fixed incomes. We are trying to figure out what we can cut to afford this bill. We do not have any television service, and limiting our water use only goes so far. Our winter garden which provides us good vegies and an enjoyable hobby will have to go. Are we going to be transporting shower water to keep our landscape plants alive? Our neighbor already lives a bare bones existence. He doesn't know about the proposed increase and for now, we are sparing him the worry;. He has substantial medical bills and can't replace his computer which is on it's last legs. Without this increase, he was trying to figure out a part time job he could get. With his health and age, that isn't realistic.
