Docket # E-01345A-16-0036 & E-01345A-16-0123 APS Rate Case

Docket E-01345A-18-0002 – APS / Formal Complaint

Sir, I was wondering when you were going to revisit the APS rate hike that is a clear attack on the working class family? Think about it, when do the working class families do dinner, homework, laundry, baths, and need to cool their homes in preparation for school and work?

THE ANSWER: 3-8PM! THE EXACT TIMES THE ACC ALLOWED APS TO DEMAND THE HIGHEST RATE FROM THE WORKING CLASS.

Sir, this is not going to go away, and the silence or rhetoric is not going to placate people like me. I am the middle class working family. Married 35 years, 4 kids, 7 grandkids. Our families work in Law enforcement, Fire Service, Education, non-profit, and the local church.

Why would you allow APS to place the largest burden of their greed on the working class family? I will not hide or be anonymous. I will either fight with you or against you - the choice is yours. I have never been one to sign petitions or protest but when your own political party abandons you or simple refuses to act for those you claim to serve, its time for actions.

Andy Tobin claims that "... the job of the elected official is not to protect government, but to protect the taxpayer"

You and the ACC are not protecting the taxpayer, unless I misunderstood and what he meant was that, ..."the job of the elected official is not to protect government, but to protect the taxpayer (the taxpayer that is a commissioner - the hell with everyone else).
