Nature Of Opinion

Docket Number: WS-01025A-17-0361 Docket Position: Against

The 507.4% base rate increase form \$16.10 per month to \$100.30 is outrageous and will place undue burden on the residents and businesses of Ajo. It was brought to my attention that the ACC mandated the increase. I really hope you consider the residents and the future of Ajo when you make this very critical decision.

A 356.97% increase in water is outrageous. Water is life! I am not only a future home owner, I am a member of a community garden. If this rate increase is passed or even half the proposed increase is approved, the garden will return to a dusty useless town lot.

The 132.57% proposed electrical rate increase is outrageous! Please consider the median incomes and extreme temperatures in Ajo. Please consider the future health of people and our town. It is up to you to do what if right.
