Opposed!!

Comment 1 "Needs" are things vital to human survival Food and Shelter. All of these require electricity to reach us in our town. Make it unaffordable

Comment 2 Minimum wage is no where it should be in relation to today standards and yet big corporations want to charge us more.

It doesn't make sense.

Comment 3 We're a very small town with few job opportunities.

Raising the utilities by 400 would really hurt the town financially. It's already hard enough to just own a house.

Comment 4 Big Corporations have become so money hungry that it feels they no longer care for the people they're providing for. Raise the rate and it'll wipe our town off the map.

Nature Of Opinion

Docket Number: WS-01025A-17-0361

10/18/18

Subject: Ajo rate increases (proposed)

To whom it may concern:

I've written before now it's time to write again objecting to the unfair rate increase requested by the Ajo Improvement District.

We don't live in Ajo year-round, but we sure pay the utilities all year long. To increase rate 300% over the next 5 years is asking way too much.

I'm asking that the increase be modified consistently bought within reason.

I hope that the concern of the folks in Ajo don't fall on closed ears.

Thank you,

Jerry & Barbara Miller
