to the Arizona Corporation Commission:

Enclosed are 25+ signatures from former Ajo school graduates. They live in many parts of the state and across the west. For some, this information was their first exposure to the issues of the proposed rate hike.

While it may not carry a lot of weight the way it stands, the folks who signed this petition have many friends and relatives who vote and November 13th is coming up soon. News travels fast.

Thank you for your attention. RH Factor/ Ajo AZ 85321

PETITION: We, the undersigned, ask the Arizona Corporation Commission to reconsider the proposed utility Rate Hike for the Ajo Improvement Company and VOTE NO.

As "alums" of the Ajo School District, we care deeply about the Ajo community. That community includes our families, friends, neighbors, former teachers and principals, beloved places, and experiences. Many of us plan to retire in Ajo, many of us have already returned to Ajo from locations elsewhere. The rate hike could cause us to move to other states. Becoming an entrepreneur would be a non-starter!

The rate hike could prevent us from returning and/or having an affordable retirement. The rate hike would affect the well-being of our relatives and friends. The rate hike will negatively affect real estate values, local businesses, the Ajo School, the clinic, the non- profits, and the fragile, ongoing recovery from the disaster of the mine closing in 1985!
