Memorandum
From the office of
Chairman Bob Stump
Arizona Corporation Commission
1200 W. WASHINGTON
PHOENIX, ARIZONA
(602) 542-3935
FAX: (602) 542-0752

TO: Docket Control

DATE: August 7, 2013

FROM: Trisha Morgan, Executive Aide

SUBJECT: Arizona Public Service Company
Docket No. E-01345A-13-0248

Chairman Stump’s office has received 45 significantly identical emails regarding the above captioned docket. Be advised these letters were not distributed but are in the original file in Docket Control and available for your review.
Dear Commissioner,

The current net metering system is hurting Arizonans, particularly seniors and those on fixed incomes. We know that solar customers create their own energy, but they still rely on the energy grid to ensure they have power whenever they need it. When they don't pay for that service, the rates we pay go up. Furthermore, the current net metering policy requires us to pay five times the market value for solar customers' excess power.

We know why solar companies are against net metering reform – their bottom line. Forcing hardworking Arizonans to subsidize out-of-state solar corporations is the worst kind of corporate welfare. We support solar power and want it to be sustainable in the long term. That's why rates must be fair to all customers. Please support net metering reforms that will ensure fair rates for all customers.

Thank you.

Beverlee Peterson
Dear Commissioner,

The current net metering system is hurting Arizonans, particularly seniors and those on fixed incomes. We know that solar customers create their own energy, but they still rely on the energy grid to ensure they have power whenever they need it. When they don’t pay for that service, the rates we pay go up. Furthermore, the current net metering policy requires us to pay five times the market value for solar customers’ excess power.

We support solar power and want it to be sustainable in the long term. That’s why rates must be fair to all customers. Please support net metering reforms that will ensure fair rates for all customers.

Thank you.

FRANK DOUGHERTY
Dear Commissioner,

Asking Arizonans to subsidize out-of-state solar corporations is the worst kind of corporate welfare possible.

Paying customers supplying power wholesale and selling at retail is B.S. And Government Must be Locked Out of my meter PERIOD. How about we put a camera in Your bed room and put it on YouTube.

Rates must be fair to all customers as well as stopping net metering. Please support net metering reforms that will ensure fair rates for all customers and privacy not to mention POWER.

Thank you.

Chauvin Emmons
Dear Commissioner,

Asking Arizonans to subsidize out-of-state solar corporations is the worst kind of corporate welfare.

Rates must be fair to all customers. Please support net metering reforms that will ensure fair rates for all customers.

Thank you.

Patricia Alderson
Dear Commissioner,

Asking Arizonans to subsidize out-of-state solar corporations is the worst kind of corporate welfare.

Rates must be fair to all customers. Please support net metering reforms that will ensure fair rates for all customers.

Thank you.

Eugene Taylor
Dear Commissioner,

I am 82 and my husband will be 88 in Dec. We cannot sign up for 20 years for solar. Therefore we are subject to our electric bill going up again. our retirement is fixed so no raises to compensate for the raises, we have added more insulation in the attic, went thru the APS thing where they came into the house checking for leaks and checked the tubing for air conditioner leaks. Cannot think what else we can do to keep our cost down within reason.

We know why solar companies are against net metering reform – their bottom line. Forcing hardworking Arizonans to subsidize out-of-state solar corporations is the worst kind of corporate welfare. We support solar power and want it to be sustainable in the long term. That’s why rates must be fair to all customers. Please support net metering reforms that will ensure fair rates for all customers.
