IN THE MATTER OF THE APPLICATION
OF ARIZONA PUBLIC SERVICE
COMPANY FOR APPROVAL OF NET
METERING COST SHIFT SOLUTION.

Pursuant to the Rules of Practice and Procedure of the Arizona Corporation Commission (Commission), Western Resource Advocates (WRA) hereby moves to intervene in the above-captioned docket and, in support thereof, states as follows:

1. WRA is a regional environmental law and policy center serving the Rocky Mountain and Desert Southwest states. WRA has been involved in proceedings before the Commission for nearly twenty-five years and has been granted intervenor status in numerous dockets. WRA has staff who live in Arizona and are electric utility ratepayers.

2. WRA’s Energy Program promotes policies and programs designed to encourage the development of clean energy technologies, energy efficiency, renewable
resources, distributed generation, and other measures that help reduce the environmental impacts of meeting the demand for energy services while minimizing the costs and risks to ratepayers of fuel price volatility and environmental regulatory requirements. It has appeared in rate proceedings before the Commission and in other state and federal regulatory forums concerning renewable energy and energy efficiency.

3. Intervention by WRA will not unduly broaden the issues or delay the proceeding. WRA does not yet know what position it will take in this proceeding.

4. WRA requests that all pleadings, correspondence, discovery, and other documents be served on the following:

   Timothy M. Hogan  
   Arizona Center for Law in the Public Interest
