DATE: October 31, 2013

RE: Net Metering Costs to Non-Solar Customers (Docket No. E-01345A-13-0248)

Friends for Fairness respectfully ask that the attached support cards be submitted in the record regarding the net metering issue. If you have any questions or concerns please call (602) 499-3575.
I call on the Arizona Corporation Commission to change the Net Metering policy to one that is fair for ALL customers.

Name: Yasaira Trejo
Address: 6705 N. 53rd Drive

Dear Arizona Corporation Commission Chairman Bob Stump and Members of the Commission:

Arizona benefits from rooftop solar. However, under the current net metering rules, rooftop solar customers do not have to pay their fair share for the use of the electric grid. This forces residential customers like me, who cannot afford or don’t want to install rooftop solar on their homes, to pay for them.

The cost-shift created through today’s net metering policy is not fair. I call on you to change the net metering policy to one that is fair for ALL customers – and to act now before the problem gets worse.
